Accused Spy Said To Work for Iraq

OSLO, March 19 (AP)—Arne Treholt, the Foreign Ministry official arrested in January as a Soviet spy, has admitted he also worked as an agent for Iraq, prosecutor Magnar Flornes said today.

Treholt, a career diplomat, was seized Jan. 20 as he prepared to board a flight to Vienna carrying secret papers.

Flornes said Treholt "has told the police that contact was established between himself and Iraq's embassy in Athens in May 1980 about supplying information he had access to."
